### 2009-2010 Financial Aid Information

All financial aid granted by FCS is funded by our own budget. We do not receive any monies from outside sources with the exception of a few gifts specifically designated to our scholarship fund. In the 2008-09 school year, the amount of aid awarded was approximately 4% of our annual budgeted expenses.

Our desire in awarding financial aid is to enable as many families as possible to afford to give their children the benefit of Christian education. With this in mind, we have established the following guidelines for families who apply for this benefit.

1. Only students accepted for enrollment will be considered for financial aid.
2. Financial aid is granted for tuition only and is not applicable to fees.
3. No new family will receive more than 20%.
4. No current family will receive more than 50%.
5. Families who have been with us the longest will be given first preference.
6. Unless there are circumstances beyond a family's control, the amount of aid will be decreased from year to year.
7. Financial aid will not be provided for children in kindergarten or preschool.
8. Families who have an outstanding balance from a prior year will not be granted financial aid.
9. Once financial aid is granted, families must be current with their monthly payments to continue receiving that aid.

We feel if you are unable to budget within the guidelines listed above, you may need to consider whether the financial burden of sending your children to FCS is best for your family.
